August 16, 2010

To Whom It May Concern,

Our department has purchased two Ram Air Gear Dryers (one model 6-MU and one model 1-IHT) within the past two years and has been extremely pleased with the quality of construction and the functionality of each. The Ram Air Gear Dryer meets the needs of our department by providing short gear drying times without the use of heated air. I would recommend Ram Air Gear Dryers to any department that is looking for a quality gear dryer.

Sincerely,

Dru Tischer
Deputy Fire Chief
